Dr. Suzanne Cziraki

BSc, MSc, BEd, DDS, MSc (Orthodontics), FRCD(C)
Certified Specialist in Orthodontics and Premier Provider of Invisalign

Invisible, Intelligent, Individualized...alternatives to metal braces for adults

West Coast Orthodontics is owned and operated by well known Vancouver orthodontist, **Dr. Suzanne Cziraki**. She is proud to be recognized as a Premier Provider of Invisalign™ the clear removable aligners that are an alternative to metal braces. She is currently ranked 10th in the world for the use of Invisalign™, an amazing new technology. She is also a certified provider of iBraces™ the most advanced form of concealed braces.

“Advances in orthodontics mean that adults can invisibly create their perfect smile,” says Dr. Suzanne Cziraki.

Dr. Cziraki will customize a unique prescription combining these new invisible technologies to suit your oral health needs and lifestyle requirements to ensure that you get the results that you want.

The skin around the mouth and the lips can be dramatically improved by the position of the teeth and the jaws to gain a more youthful appearance.

Under the direction of a medical doctor, West Coast Orthodontics has also introduced the use of **Botox™** and cosmetic fillers such as **Restylane™** to further enhance your beautiful new smile and rejuvenate your facial appearance by reducing the signs of aging.

She has had the satisfaction of seeing many of her adult patients develop a renewed zest for life and restoration of confidence brought on by a younger and more attractive looking smile and facial appearance.

Dr. Cziraki's reputation for providing professional orthodontic services has gained her the trust of many high profile clientele in the film and entertainment industry. Her Scotia Tower office provides convenient access for downtown business and professional individuals. She invites you to attend a consultation to discuss your orthodontic needs. No referral is necessary.
